BGT Aerospace LLC Awarded by Northrop Grumman for Supplier Excellence

Freeland, MI – March 14, 2024 – BGT Aerospace LLC (BGT Aero), a leading designer and manufacturer of mechanical actuation, has been recognized by Northrop Grumman Corporation (NYSE:NOC) as a recipient of an award during the company’s Supplier Excellence Awards last week in McLean, VA.

“BGT Aero has helped to advance national security solutions and achieve mission success,” said Matt Bromberg, Corporate Vice President, Global Operations Northrop Grumman. “Northrop Grumman’s supplier partners connect and protect the warfighter, defining what is possible in the battlespace because of our shared commitment to the highest industry standards across the defense industrial base.”

Recognized for Strategic Excellence, BGT Aerospace LLC was instrumental in aiding Northrop Grumman with manufacturing and distribution goals as the industry works to support Department of Defense customers and other commercial entities.

“We are honored to be selected to receive this award and we are committed to supporting Northrop Grumman’s mission. We look forward to future collaboration with Northrop Grumman in support of mission success and national defense,” said Garrett O’Brien, Managing Partner of BGT Aerospace LLC.

Located in Freeland, MI BGT Aero is an engineering, manufacturing and testing company specializing in ball screw manufacturing for primary and secondary aircraft control surfaces and thrust vector control with a focus on developmental and difficult to manufacture solutions.

Northrop Grumman is a leading global aerospace and defense technology company. Our pioneering solutions equip our customers with capabilities they need to connect and protect the world and push the boundaries of human exploration across the universe. Driven by a shared purpose to solve our customers' toughest problems, our employees define possible every day.
